## *Clearing the Hurdles!*

**Hello Church Family,**

**Where has the summer gone? And with it another church year. With a new church year comes new ministry opportunities.**

**I would like to thank everyone that served in a ministry position in our church this past year. You were used greatly by our God to further His kingdom through your dedication and hard work. Your hearts came through in touching lives for the cause of Christ. Thanks again!**

**I would like to personally thank David Slade for his years of commitment to the choir ministry. For 31 years, David has served his Savior through the music ministry. David worked hard to help bring the church congregation into the presence of God through music. Thanks again David!**

**For those that have chosen to serve the Lord and His people in ministry this year in our church and community, Thank you! As we minister together this year, may God keep us close and clean that He might be glorified.**

**Furthering HIS Kingdom,**

**Pastor Mitch**
